YCH Golf Classic 2011:
Par-Tee on the Green

Dear YCHees,

2011 has been nothing short of eventful for our extended family enterprise. This year, YCH has seen some monumental milestones such as the Singapore Business Awards' Enterprise of the Year win, the addition of several new customers as well as the introduction of some new key personnel who will take us into the next phase of growth – YCH 2.0!

Against the backdrop of an uncertain global economy, most businesses around the world are now taking on a cautious and vigilant approach as they mitigate against risks and strengthen business continuity through careful planning and optimization at all fronts – be it financial, information, technology, production, manufacturing or supply chain. Ultimately, a progressive organization needs to be always dynamic and responsive to the environment, and most importantly, be able to continuously innovate and introduce new dimensions to generate headway.

At YCH, we have also reached that inflection point, where transformation is necessary for us to reach new and greater heights. What this means is that we will all have to push ourselves a little bit harder to transform current processes and raise competencies to enhance our competitiveness. As we work towards becoming a highly resilient world-class organization, we have to be disciplined and focused in our goals. However, we must never forget our roots, our philosophy of RISE, and extended family enterprise values because I believe that we will always only be as strong as our weakest link.

In the past year, China has once again proved to be a key region for us as we signed on to develop yet another City Supply Chain™ (CSC) Hub in Kunshan, to provide for the rising consumption demand for safe, hygienic foods, and to relieve the growing infrastructural pains of the rapidly developing city.

Our expertise in wine logistics will also come into play next year as we begin developing the Ningbo Wine Hub, and establish Ningbo City as a major wine hub gateway for Greater China, and ensuring the quality and purity of the liquors that reach the Chinese consumer.

We have also strengthened our position down under this year, with a strong partnership forged between YCH Australia and LG Electronics, to manage and optimize LGE's end-to-end supply chain activities of their diverse range of consumer electronic products, and bring further value to their regional processes in Asia Pacific by leveraging on best-in-class SCM solutions.

Indeed there are many exciting events that have been set in motion for 2012 and beyond, and we will look forward to making them come true in the next few years. I believe our rich heritage and distinct qualities will take us through to our next stage of evolution and that together, our drive for innovation, fervent passion for SCM excellence and never-say-die attitude will definitely help YCH soar to greater heights!

Sincerely,

YCH

Congratulations, YCH Dingya! 叶水福鼎亚荣获埃克森美孚专向奖牌

Shanghai, China – YCH Dingya was honoured for its excellent customs clearance services on 19 August 2011, as ExxonMobil awarded our regional office with the “Mobil 1” Project Customs Clearance Contribution Award. Having entered a service partnership for over a year, YCH Dingya was noted for having improved ExxonMobil's speed and timeliness of customs clearance and processes in China.

Mr Cho Jung Rae, Manufacturing Production Manager of ExxonMobil, North Asia, presents the award plaque to GM of YCH Dingya, Mr Ni Zhigen.

Proud to be recognised for expediting customs clearance for one of ExxonMobil's most popular key products – the “Mobil 1” engine oil, YCH's good customs track record coupled with careful and detailed coordination helped to reduce the product clearance process for Mobil 1 significantly. This resulted in remarkable time savings and increased speed-to-market for ExxonMobil, especially when the new introduction of Flexibag packaging to the Chinese market in February initially resulted in higher complexity.

上海, 中国 - 叶水福鼎亚以优异的清关服务, 荣获埃克森美孚在2011年8月19日颁发的“美孚1号”项目清关服务贡献奖! 在与埃克森美孚共同合作的一年多来, 叶水福鼎亚始终注重于改善美孚产品在中国的清关流程并加快清关速度。

自今年2月份起, “美孚1号”进入中国的方式由原来的桶装变为液袋装; 因此海关需要取样化验, 而化验时间也颇属冗长。此时中国区市场的“美孚1号”已接近断货, 美孚无法接受这么长的化验期。叶水福鼎亚竭尽全力, 通过各方面协调, 积极和官方合作, 最终大量的减低“美孚1号”所需的放行工作时间。

We applaud YCH Dingya for their hard work and dedication towards ensuring faster and more efficient supply chains for our valued customers, and thank both the authorities and ExxonMobil for their strong belief and trust in us!

因此, 对于叶水福鼎亚为其关键产品“美孚1号”机油的清关速度, 埃克森美孚特别给予了赞扬和肯定。叶水福集团将继续为我们尊贵的客户提供快速、及时和高效的供应链管理服务, 再接再厉!

CHAMPIONING AN ENTREPRENEURIAL SPIRIT IN ASEAN-BIS

Bali, Indonesia – The 19th ASEAN Business and Investment Summit (ASEAN-BIS) was held at the Bali International Convention Centre from 16 to 18 November 2011, and Chairman & CEO of YCH Group, Dr Robert Yap, was invited in his capacity as a member of the ASEAN-Business Advisory Council to speak in a panel discussion.

continuously innovating to survive and shift paradigms throughout its journey towards supply chain excellence.

Speaking in the session titled “Entrepreneurship and Innovation: Engines of Future Growth”, Robert reiterated the necessity for businesses to build a strong entrepreneurship spirit throughout their organisations, as with how YCH Group has been

The three-day event emerged very fruitful and successful, with distinguished leaders concluding the importance of fostering entrepreneurship in the region as one of the key drivers to ASEAN's growth. With entrepreneurship anchored as one of YCH's 'RISE' values, this thriving spirit will without a doubt continue to penetrate strongly throughout our DNA as we grow from strength-to-strength throughout this exciting, growing region!

Robert Shares at high-level Malaysia-Singapore Business Forum

L-R: Dato' Ghazali Dato Yusoff, Malaysia Singapore Business Council (MSBC); Mr Oh Chong Ho, SVP Corp Devt. Singapore Aerospace Manufacturing; H.E. Lim Hng Kiang, Minister for Trade & Industry, Singapore; Dato' Sri Mustapa Mohamed, Minister of International Trade & Industry, Malaysia; Mr Tony Chew, Chairman of SBF; Dr Robert Yap, Chairman & CEO of YCH Group; Ms Lorraine Hahn, Host of MSBF2011

Singapore – It was an interesting and intriguing event at the Malaysia-Singapore Business Forum as Chairman & CEO of YCH Group, Dr Robert Yap shared his business experiences alongside Malaysian International Trade and Industry Minister Datuk Seri Mustapa Mohamed and Singapore Trade and Industry Minister Lim Hng Kiang on 24th November 2011, at the Raffles City Convention Centre in Singapore.

Jointly organised by government bodies of both countries, Ministers, senior officials and members of the business community met at the critical, high-level platform to discuss how to further enhance bilateral economic relations between both countries, providing latest information on initiatives and policies taken by both sides to foster business collaboration ties.

Having garnered much experience growing YCH across Asia Pacific, Robert highlighted that our extended family enterprise culture has been a unique defining factor of YCH vis-à-vis other SMEs in both countries, and we continue to leverage on this to grow our presence across the region. Noting that Malaysia was YCH's first overseas venture, Robert further expressed his hopes for enhanced regional connectivity through the ASEAN Green Lane.

Indeed, in the climate of warming political relations and new working opportunities between Singapore and Malaysia, YCH looks forward to a more integrated supply chain of the future, as we uncover more breakthroughs to strengthen our Malaysian and regional presence!

Supply Chain World South East Asia

Singapore – On 8 Nov, Robert was the Guest-of-Honour at the Supply Chain World South East Asia forum, in his capacity as the Vice Chairman of the Singapore Business Federation and member of the ASEAN Business Advisory Council. Speaking to several supply chain professionals, Robert highlighted the importance of supply chain in the current global economic development. With the volatility of European and Western markets now, Asia would have a key role to play in the growth of the worldwide economy.

ASEAN in particular, is expected to progress most rapidly with the realization of the ASEAN Economic Community (AEC) by 2015. In all its advancement, supply chain companies need to be aware of maintaining sustainable practices, and learn to manage risks and ensure that their supply chains can still function despite the onset of sudden unexpected impacts that have been happening as of late.

At YCH, we see the importance of supply chain planning, and mitigate such risks by being vigilant and adopting a flexible but sustainable approach.

Robert receives a token of appreciation from Mr Koh Juay Meng, President, Supply Chain Council – South East Asia

Experience sharing at the Inaugural ASPRI CEO Roundtable

Singapore – YCH was recently at the Association of Process Industry's (ASPRI) inaugural CEO Roundtable on 28 Oct, where Robert was invited to talk about YCH's growth story and the company's OD (organizational development) and HR (Human Resource) practices. Held at the Goodwood Park Hotel, Robert shared with the CEOs in attendance, how YCH has over the years, learnt to motivate and retain talent for better performance of the organisation.

During the group breakout discussion that ensued, participants (who came largely from the engineering and manufacturing

sectors) tapped on Robert's vast experience and knowledge, seeking insight on how YCH has managed to compete with other industries which are perceived to be more glamorous, to attract world-class talent. Certainly the extended family culture, the company's core RISE values of Reliability, Integrity, Sincerity & Enterprise, and the strong heritage that is YCH has definitely played a part in keeping the legacy going. At the end of the event, everyone left richer from the experience, bringing back a piece of rich YCH history with them to create their own company legacies.

YCH Promotes IP Protection in SBF Seminar

Singapore – Close to fifty participants were treated to an insightful seminar hosted by the Singapore Business Federation (SBF) on 28th October 2011, as Chief Information Officer of YCH Group, Mr Alec Ang, was among four distinguished panellist speakers invited to share expertise regarding intellectual property (IP) in ASEAN.

Titled "SBF Seminar on ASEAN Economic Community 2015 : Intellectual Property in ASEAN – Enhancing Competitiveness & Innovation", our Chairman & CEO, Dr Robert Yap, was also there as Vice Chairman of SBF, to give his opening remarks.

The seminar was soaked with passion for the topic as experts gave strong assessments of advantages and challenges in balancing access to IP and protection of IPRs. Alec highlighted that the IP concept is highly embraced in YCH in the midst of its innovation drive to continuously develop new cutting-edge industry technologies such as The Last Mile (TLM™). He urged all companies to take responsibility not just to protect its own IP but also to recognise IP as an asset to be acquired just like physical and financial assets.

As the ASEAN region continues to excite the rest of the world with its growth potential, YCH is committed to continue promoting the creation, protection and implementation of IP, riding on our legacy of innovation, to offer and enhance cutting-edge supply chain management technology and solutions for the region.

Cerebration @ NUS

Singapore – Robert was also invited to be the Guest-of-Honour at the NUS Business School's Cerebration 2011 event on 15 October. Singapore's leading Masters level business competition, Cerebration 2011 saw talent from all corners of the world pitch their business plans and formulate strategies in response to complex business challenges faced by global companies today.

With NUS being his alma mater, Robert spoke fondly of the event, lauding the competition as a very pragmatic yet stimulating format of a business plan competition which merged theory with reality -

as participants focused on solving real-life business challenges posed by world-class companies like SABIC, BP, Lenovo and Orica. He shared anecdotes on his entrepreneurial journey at YCH and qualities that have seen him and the company through the last 56 years – determination, awareness and most of all, the spirit of enterprise and passion.

Robert also took the opportunity to urge the MBA students to place focus on Asia, as this region will provide various prospects that will inadvertently impact the global economy.

In line with our CSR mantra "to teach a man to fish rather than give him a fish", YCH is proud to have been part of the event, supporting young talents who will in turn shape the future of leading world-renowned companies.

YCH GOLF CLASSIC 2011

Par-tee on the Green

9:45am

Pre-event preparation: An early start to the day's event as our YCH organising committee made diligent checks to ensure a smooth tournament ahead for our golfers!

10:45am Registration begins: players and participants started streaming in.

The sight we love to see: Good camaraderie & 'YCH Handshakes' all around!

11:15am

The Golfers' Terrace was a full sea of yellow as golfers, donned in our signature golf shirt, sat down for a light lunch. What a sight to behold!

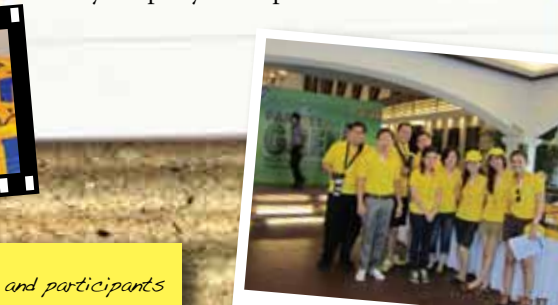

12:35pm

A mix of laughter & banter with serious concentration among avid golfers as they ripped up the course.

12:20pm

A group photo shot at the putting green before the game begins. All the best & may the best golfer win!

10:30am

The YCH crew all set and ready to get this par-tee started!

Singapore - The annual YCH Golf Classic tournament was brought right back to our beloved TMCC prestigious Garden Course, and this time round, good things came in pairs as we took our highly anticipated event to the greens on the auspicious 11/11/11!

The immensely popular hallmark event was once again an opportune time for YCH to celebrate the significance of mutual partnerships as we gathered clients, partners, associates and friends of YCH for a time of good fun, great company and possibly some serious competition on the green. And in the spirit of the theme "Par-tee on the Green", many fresh novelty events and exciting challenges were rolled out to liven and electrify the party atmosphere.

Alas, a tropical downpour brought the game to a sudden halt, but even that could not dampen the moods of our golfers, as they were roused by our lovely emcees for the day to give quirky self-introductions to the crowd while awaiting the sun to return. Our golfers' hopes were rewarded as the rain finally stopped in mid-afternoon, and they wasted no time in swinging right back into action!

With all the hard hitting for the day, the evening Par-Tee was made even more enjoyable with a delectable dinner spread and attractive prizes to be won - captivating the hearts of all guests and literally putting their hearts to a standstill. Our heartiest congratulations to all our tournament and lucky draw prize winners!

If you've missed all the action, fear not as we recap the exciting happenings during the tournament!

4:00pm

Golfers were even more motivated to golf their best after the rain delay!

Robert giving the dinner address.

The much-anticipated moment: the PRIZE-GIVING segment! Mrs Nancy Hawkes strikes a pose with Mr Roger Yap after winning the photo-of-the-day competition.

The last but most exciting segment had to be the lucky draw, where very attractive prizes were up for grabs. Congratulations to all winners!

Wackiest Photos-of-the-day Competition: What's a par-tee without some award-winning party props & flamboyant poses from these brave "Daredevils"? The fun never stopped even as golfers waited for their tee-offs!

2:35pm

Abrupt rain suspended play but nevertheless, spirits were still running high! The emcees entertained the crowd while golfers took the chance to mingle & give creative self-introductions. From left to right: Mr Kensaku Konishi, Canon India, expressing his delight in joining the event; Mr Ian Wood, Lanxess, highlighting his love for rugby; Mr Andreas Mendel, BluConnection, speaking proudly of his love for soccer; Ambassador Oh Joon taking the stage to address the crowd; while Mr Bert Wang sharing his 30-plus years of experience in Fiji Xerox.

7:30pm

Golfers & guests settled down for a sumptuous buffet dinner spread before a night of par-teeing begins!

Hats off to our tournament championship winners for a game most well-played! From left to right: Women's Champion - Mrs Lilian Chia, Men's Champion - Mr Lau Kai Fong & Overall Champion - Mr Jason Teng.

10:00pm

It's Closing Time: Sincere thanks to the committee for a job well done!

Food & Hospitality
Trade Fair China 2011

Shanghai, China – It all started with a vision to be the No. 1 Wine and Spirits Hub in China. With this in mind, YCH took part in the Food and Hospitality (FHC) trade fair 2011. Held in Shanghai from 16-18 November, our team managed to strengthen the YCH brand name at the FHC 2011 and created awareness with many global importers and exporters.

With our experience and expertise in this supply chain, our team shared with the visitors our capabilities and the advantages that YCH could offer to its clients. Besides getting interested visitors from the wine & spirits industry, we also had queries on our cold chain capabilities from customers dealing with the frozen foods sector.

There were also wine-tasting sessions conducted during the exhibition, giving our sales personnel the opportunity to learn more about the finer points of wines and spirits. The knowledge gained during the sessions was beneficial in giving them a more comprehensive understanding of the products in order to promote our FMCG logistics services more effectively.

YCH is indeed moving forward to exploit this fast-growing industry, developing our next wines & spirits hub in Ningbo into the wine hub gateway for Greater China.

Article contributed by Tan Sihao, Intern @ YCH Shanghai

Over the three days, most of the participating F&B companies offered food tasting sessions and product samples at their respective booths. However, unlike such exhibitors, YCH with a uniquely different proposition presented itself as a leading end-to-end supply chain logistics provider bringing value to the F&B and wines supply chain; and thus also had a substantial number of people coming to our booth to enquire about the services that we had to offer.

Wine Style Asia Gala Awards

Robert addressing reputable wine personalities and industry players from Asia and Asean.

Singapore – YCH has indeed carved its reputation in the wine logistics segment. Our Chairman & CEO Dr Robert Yap was invited to be the Guest-of-Honour at the Wine Style Asia Awards 2011. Held at the Conrad Centennial, the posh event saw prominent personalities from the wine trade gathering for an evening of glamour and a celebration of excellence in wine-making. With the calibre of our current clientele and upcoming developments in the wine segment; such as the setting up of the Ningbo Wine Hub, YCH is truly making headway in the liquor industry with our specialised FMCG supply chain solutions, and is delighted to be recognised as a leading wine logistics player in Asia Pacific.

Extending a Helping Hand to our extended family of Thai YCHees

Thailand – The recent devastating floods in Thailand began in late July 2011 and has since left several thousand households inundated with flood waters as high as 2 to 4 meters in large residential areas. Considered the worst in 60 years, these floods have affected more than 9.4 million Thai citizens and our YCHees in Thailand have not been spared.

With the flood crisis not expected to cease soon, many have had to rent apartments outside and move their families to safer grounds, while others continue to stay in flooded houses as relocation would only add on to their financial difficulties. Most continue to work despite incessant worries about their homes and families.

In view of our Thai YCHees' additional financial burdens, YCH Group created a donation drive in November 2011, in an effort

to gather YCH staff throughout our Asia Pacific offices to show support and help affected Thai colleagues pull through the crisis together. In a sign of strong solidarity and compassion towards our Thai YCHees, many gave generously, stirring even the hearts of their family members to contribute, and also sent messages of encouragement, urging our Thai counterparts to keep hope and stay resilient. With the consolidated funds, the company further matched the donations dollar for dollar and till date, more than \$20,000 has been collected and disbursed.

As an 'Extended Family Enterprise', we value all 'YCH-kin' regardless of geographical spaces or boundaries and will continue to extend a relentless helping hand to our colleagues affected by the disaster.

YCHees make a difference with their generous giving

Zhu Dandan is a warehouse operations staff in YCH Tianjin who is working hard to support her family. Nevertheless, upon hearing the predicament of our Thai colleagues, she selflessly forked out 100RMB and even her young 10-year old daughter joined in the cause to give.

In yet another show of support towards our Thai colleagues, the management and employees of YCH India collectively initiated to donate a portion of their salary to contribute to this charity drive.

To all YCHees across Asia Pacific, thank you very much for your heartfelt contributions! For all the selflessness and family spirit displayed during this time of need, well done YCH! Let's surround our Thai team with the care and support they need to pull through this crisis together!

Happenings at YCH Philippines

Manila, Philippines – The third quarter of 2011 proved to be an eventful time for our Philippine YCHees as they organised many fun and meaningful team activities.

More than 100 employees gathered at Paeng's Skybowl in Quezon City for their inaugural Igloo Sports Fest on 20 August 2011. Aimed to be a time of fun and team bonding, an all-day bowling competition kickstarted with a bang as Igloo's President Mr Albert Ladores, General Manager Mr Lee Cheok Pin and Deputy General Manager Mr Roberto de Guzman made fiery first throws and roused the crowd to a roaring start!

It was game-on from then for the 12 colour-coded teams, as they battled it out in an exciting elimination round, all vying for the top four spots to enter the final round. Finally, the Green Team emerged as the overall team winner with special awards given to Mr Eric Bagares & Ms Rachel del Mundo for scoring the highest points in the Male and Female divisions respectively. Congratulations!

In yet another team event, YCH Philippines launched a blood donation drive titled the "Gift of Life" on 17 September 2011, in an effort to help victims of dengue fever in various affected regions of the country. With the assistance of the Philippine Red Cross, over 30 YCHees underwent a thorough blood evaluation test and body check-up before the blood donation. Well done to our Philippine colleagues for actively contributing to CSR and for sharing their precious gift of life!

ORGANISATION

CEO Engagement Series

Cheers to a wonderful start of many engagement sessions to come!

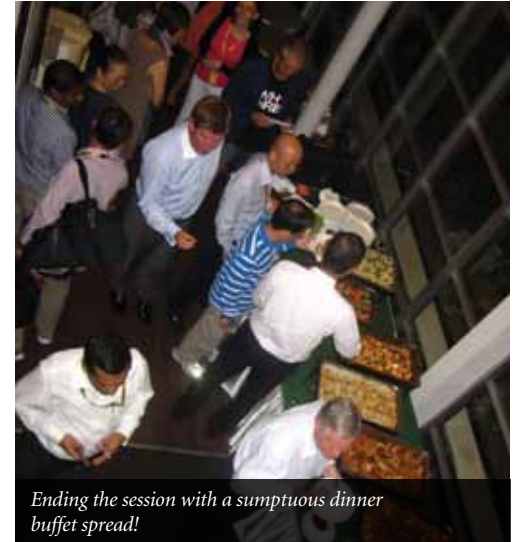

Our management team listens attentively as Robert encourages and eggs them on to progress as a YCH family.

Singapore – YCH’s inaugural CEO Engagement Series kick started on 14 October 2011 with over a hundred management staff gathering at YCH’s Corporate Headquarters for an interactive session with our Chairman & CEO, Dr. Robert Yap.

In an effort to develop greater camaraderie among our YCH leaders, the Human Resource department created the quarterly-held series as part of its rolling plans to build a more cohesive and inclusive extended family enterprise. It was also an important platform for Robert to inject passion by sowing seeds of industry knowledge, experience, vision and values essential for YCHees to collectively build the company into a dynamic organization and scale to greater heights.

True to this series’ name, the session was a relaxed and open one as many chipped in their thoughts and ideas of growing the organization together as an extended family enterprise. It was certainly a great time of engagement as issues and notions were debated and deliberated. All in all, it was heartwarming that YCHees were a truly unique and passionate bunch of people who supported constant, positive changes for growth.

As the session came to an end, one could easily sense an atmosphere charged with energy & life as our YCH leaders continued to mingle around into the night. The engagement series is certainly off to a roaring start; stay tuned for more delightful sessions to come!

Ending the session with a sumptuous dinner buffet spread!
